Circular No. 238

March 13, 2020

Dear Parents:

Prayerful greetings to you and your family!

This is to formally inform you that there will be no more Final examinations through the GENYO online system for the Grades 6, 10, 11, and 12 due to the possible internet connectivity concerns/issues that might be encountered as our situation progresses. The students' final grades will be based on the different assessments, worksheets, projects and PTs that were previously given by the teachers in the last Grading period.

In observance of the 30-day "community quarantine" in Metro Manila to fight the COVID-19 outbreak and the recently announced suspension of classes until April 12, 2020, we would like you to be updated of the following measures:

1. The simple ceremony on Moving Up for the Grade 10 and Graduation for Grade 6 and 12 will be scheduled on June 2020. The committee shall still meet for its final schedule.
2. As part of the school's provision on the missed competencies of the students, there will be a two-week intervention program in Mathematics, English and Filipino on June 2020 before the students can be given the new lessons for the First Term.

Other Important Information:

- The admission of applicants is on-going. We will have a skeletal workforce in the Main Office, Registrar's Office, and Treasurer's Office.
- May 5, 2020- Distribution of Report Cards/ Start of enrollment
- The schedule of the Opening of Classes will still be the same as previously announced in Circular No. 237.
- The School Calendar in 2020-2021 shall end on the second week of April 2021.

Please be guided accordingly.

Let us continue to pray for our country and the whole world. May our Blessed Virgin Mary grant us always her loving protection.

Sincerely Yours,

Ms. Aida A. Gomez
Principal

Sr. Cecilia J. Solis, F.I.
Treasurer
